

Australian Government
Civil Aviation Safety Authority

Instrument number CASA 141/10

I, PETER RUSSELL JOHN, Manager, CASA Operations, Air Transport Eastern Region, a delegate of CASA, make this instrument under regulation 60.055 of the *Civil Aviation Safety Regulations 1998 (CASR 1998)*.

Peter R. John
Manager, CASA Operations
Air Transport Eastern Region

19 April 2010

Approval — qualified flight simulator at Changi Airport

1 Application

This instrument applies to the qualified flight simulator mentioned in Schedule 1 (the *QFS*) when used by Swiss Aviation Training, Aviation Reference Number 772906 (the *user*), to train flight crew.

2 Approval of user of QFS

For regulation 60.055 of CASR 1998, I approve the user to use the QFS.

3 Conditions

The approval is subject to the conditions mentioned in Schedule 2.

4 Expiry

This approval stops having effect at the earlier of:

- (a) the revocation of this instrument by CASA; or
- (b) the qualification of the simulator by the Civil Aviation Bureau of Japan for that use ceasing to be in force.

Schedule 1 Qualified flight simulator

Simulator	Certificate serial number	Location
Embraer ERJ-170	2RPV-531	Boeing Training and Flight Services, Changi Airport, Singapore

Schedule 2 Conditions

- 1 The QFS may only be used for tests and checks that are conducted by a person who occupies a training position in the user's organisation responsible for conducting those tests and checks.
 - 2 The QFS mentioned in Schedule 1 may be used for training, tests and checks that are conducted:
 - (a) by a person that holds an appropriate delegation or approval issued by CASA; and
 - (b) in accordance with the user's manual as in force on the date of this instrument or as later amended with the approval of CASA.
 - 3 The QFS must have a navigational aids database appropriate for the required areas of operation of the flight crew.
-
