SAT receives EASA Part 147 approval for CRJ maintenance

16/02/2010 - (UBM Aviation)

Switzerland's Federal Office of Civil Aviation has granted Swiss Aviation Training (SAT) EASA Part 147 certification to provide maintenance type ratings for Bombardier CRJ 100/200 and CRJ700/900 aircraft. The Zurich-based company offers B1, B2, combined B1+B2, C, A and Level 2 technical training courses and practical training for Avro 146/RJ, Embraer ERJ 135/145/Legacy, EMB 170/190/Lineage and Saab 2000 aircraft.
